OBJECTIVE

Dedicated engineering student with expertise in software development and a passion for creating scalable, efficient solutions. Eager to contribute as a Software Engineer, utilizing programming skills and problem-solving abilities to deliver top-tier solutions and foster innovation.

EDUCATION

Bachelor of Engineering in CSE, Chandigarh University, Punjab
CGPA - 7.67

Aug 2022 - June 2026

Class XII , L.R.S Academy Nagina Bijnor
87.00 %

July 2022

Class X , L.R.S Academy Nagina Bijnor
90.00 %

July 2020

TECHNICAL SKILLS

Languages : C , C++.

Skills : Data Structure and Algorithm, Git/GitHub, OOPs.

Developer Tools: VS Code .

EXPERIENCE

Think next Technologies private limited:

May 2024 - July 2024

- Developed a dynamic website for Client , Improving user engagement through UI/UX design.
- Developed and launched responsive web applications through the integration of HTML, CSS, JavaScript, and React, enhancing team productivity. ([Project link](#))

PROJECTS

Sorting Visualizer: Developed an interactive Sorting Visualizer web application to demonstrate various sorting algorithms, including Bubble Sort, Selection Sort, Insertion Sort, Merge Sort, and Quick Sort.

Sudoku Solver : Developed an efficient Sudoku Solver that automatically solves a given Sudoku puzzle using Backtracking algorithm. Designed a user-friendly interface for inputting puzzles and visualizing the solving - Process step-by-step.

File Zipper : Developed a File Zipper application to efficiently compress and decompress files using Huffman Coding. Implemented an intuitive user interface for selecting files and visualizing the compression process.

ACHIEVEMENT

- Runner up at Hackathon in Algo Sprint – Interactive DSA Visualizer.
- Written Conference Accepted Research paper on Global video games Sales and Analysis.

CERTIFICATION

- Data Structure in C++ (Coursera)
- NPTEL Internet of Things - Dec 2024
- NPTEL Computer Organization and Architecture - Dec 2023
